

# I-48 9 INCH SECTION

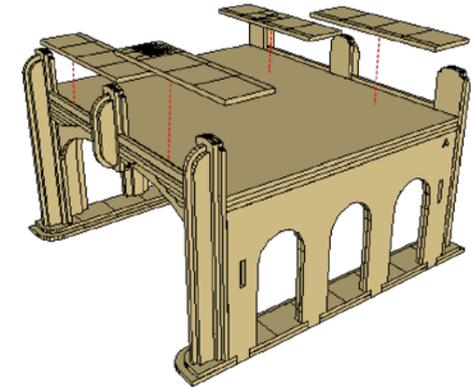

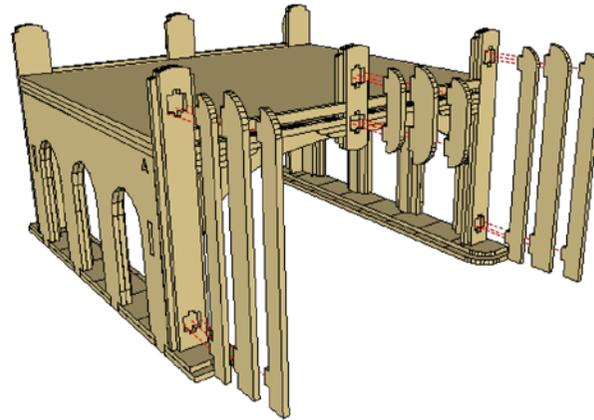

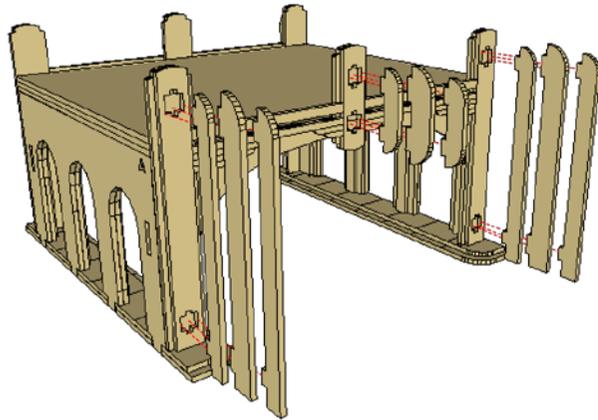

# I-48 9 INCH SECTION

**IMPORTANT!** The "A" and "B" outer plates correspond to the inner plates (A to A and B to B). This is important to ensure you can clip to other I-48 pieces

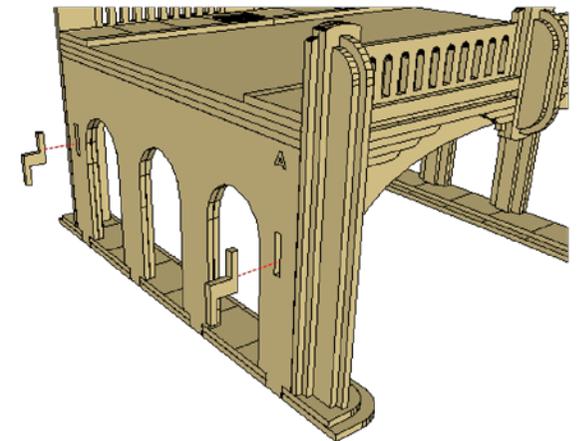

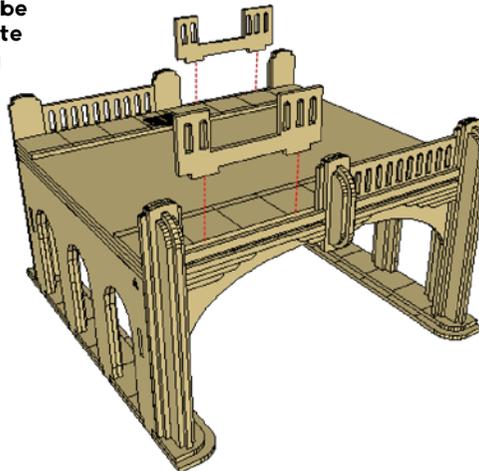

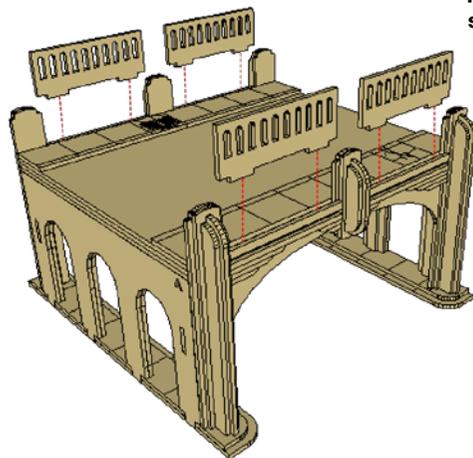

# I-48 9 INCH SECTION

**IMPORTANT!** Do not glue the side railing pieces in. They are designed to be swappable to accommodate stairs or connecting overpass sections

Included with the kit are these z shaped clips. They are designed to be inserted into the "A" or "B" ends to "clip" I-48 pieces together. "A" ends connect to "B" ends
